フリーレン、
お前はもう少し
人間に興味を
持った方がいいな。

なぜ？
たかが百年も
生きられない人間に
知りたいほどの事がある？

お前は、人間の全てを
理解した気になっているだけだ。
そこで、今日は面白い物を用意した。
人間の…マゾの男だ。

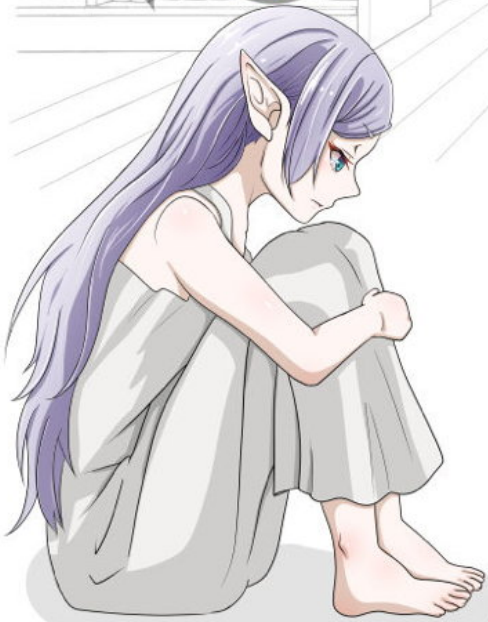

コイツは今、
生殖器を踏まれて
喜んでいるんだ。

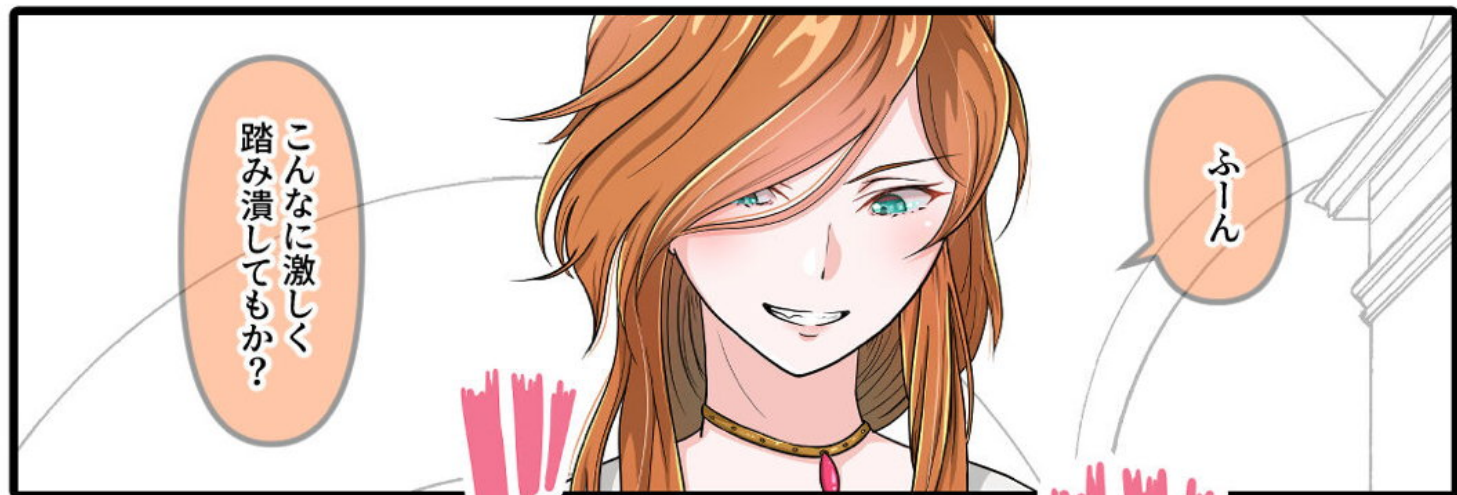

…どうして喜んでいるってわかるの？
苦しそうな声を出しているけど…。

股間を見てみるよ…
生殖器が肥大しているだろ。
快感を得ている証拠だな。

…確かに、
生物にとって大切な生殖器を
踏みにじられて喜ぶのは
理解に苦しむけど…

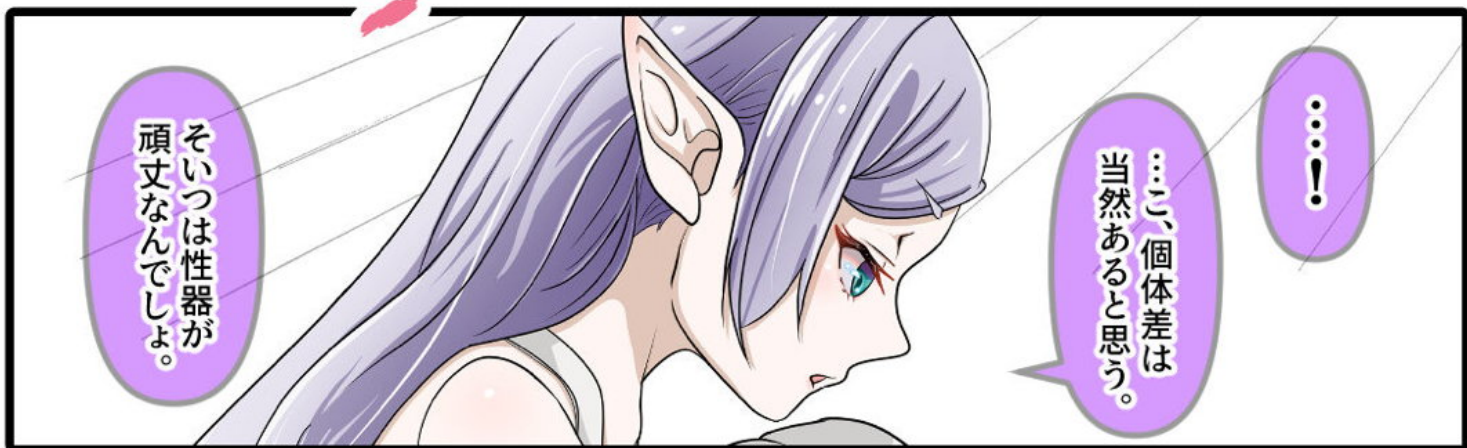

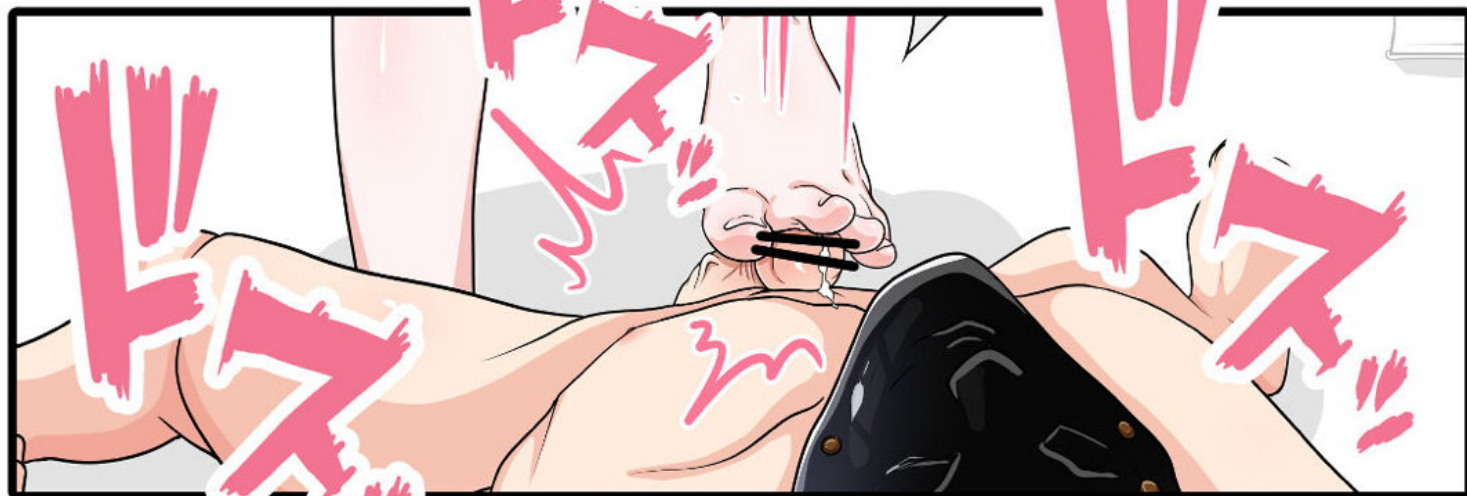

まあ、膣の圧迫と感触が
似ているからじゃないの？

こんなに激しく
踏み潰してもか？

ふーん

そいつは性器が
頑丈なんですよ。

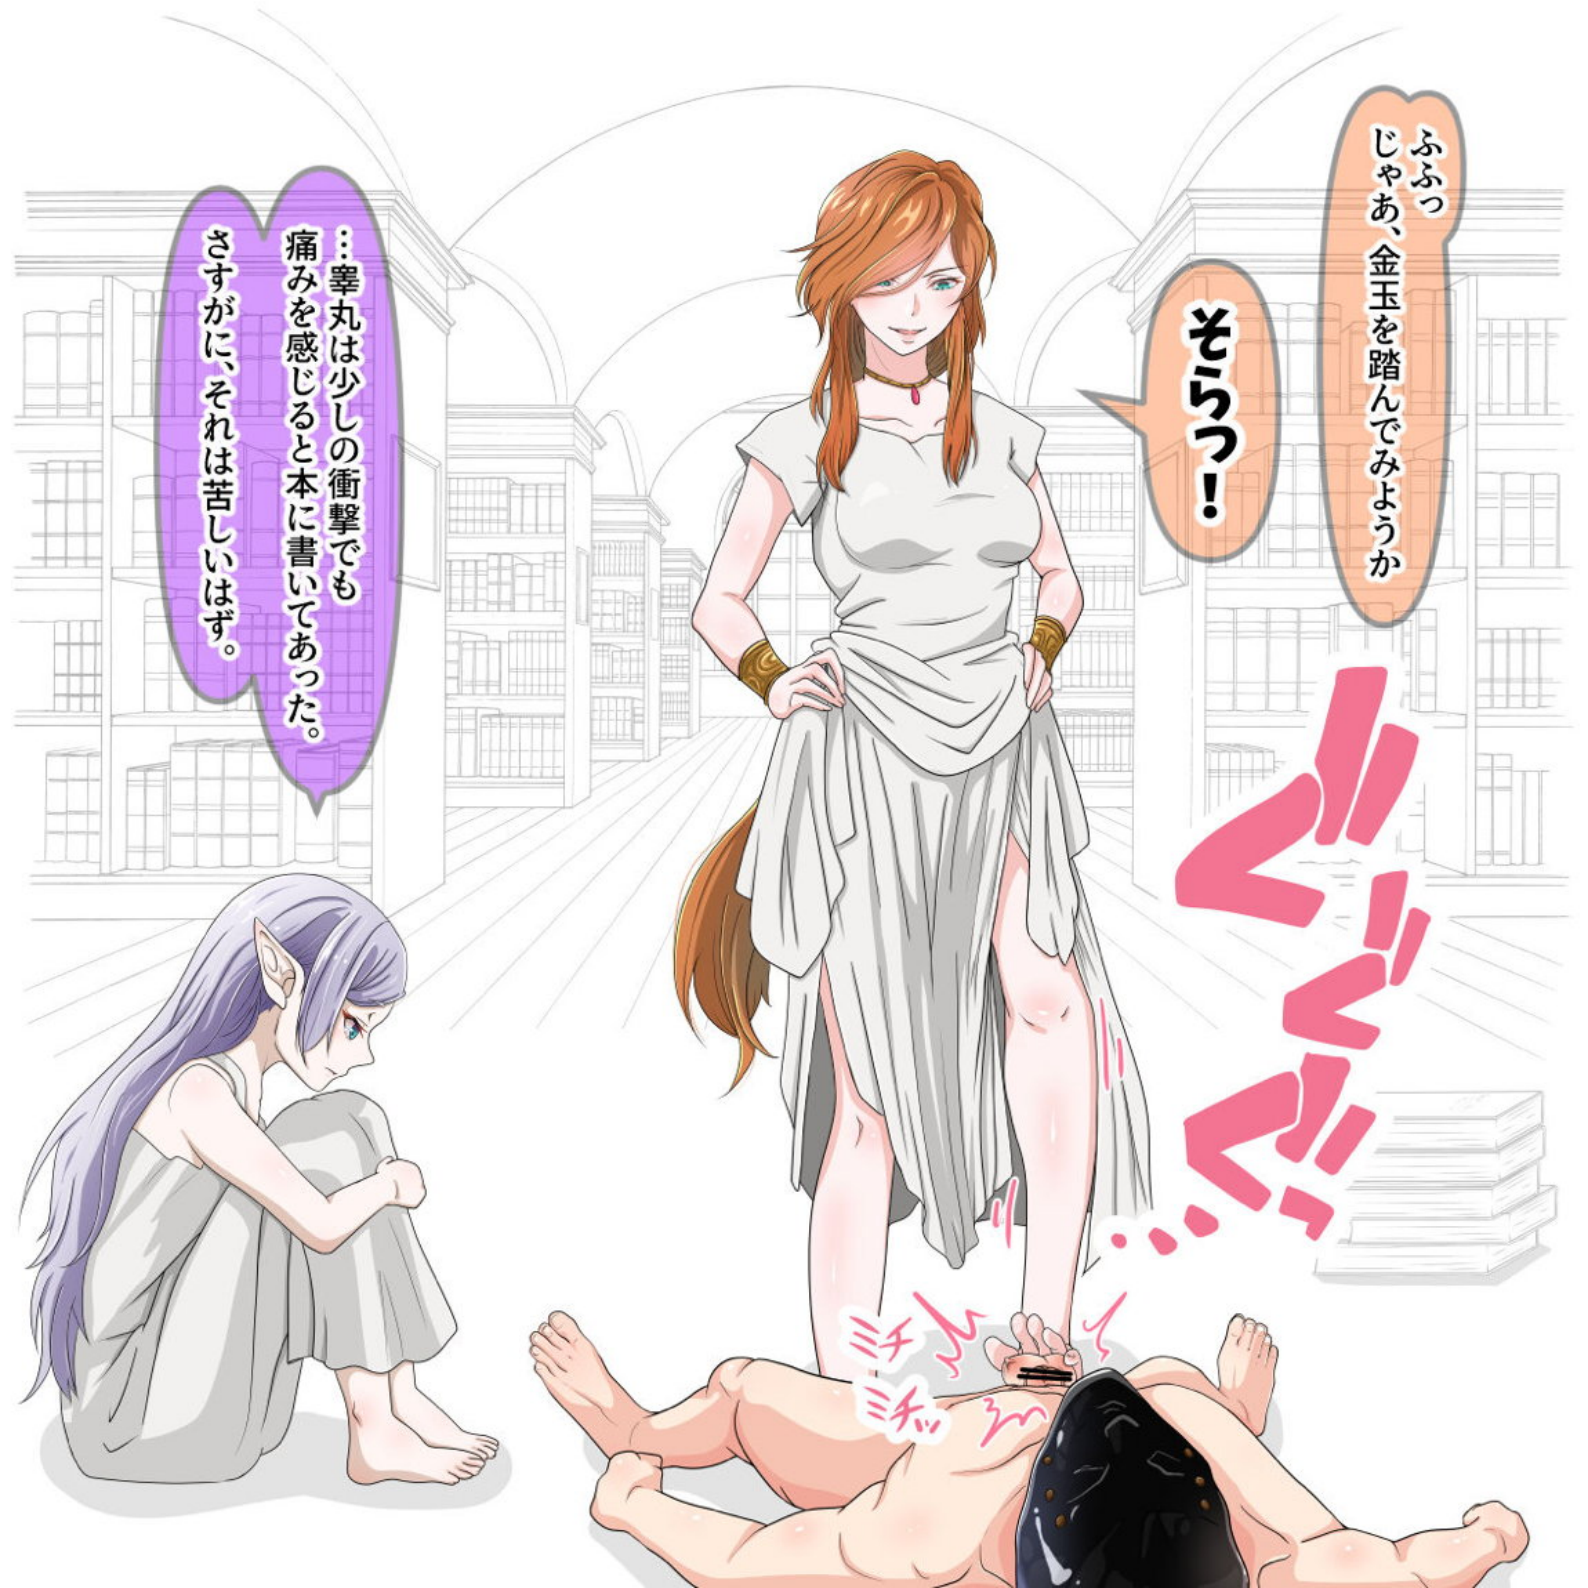

…こ、個体差は
当然あると思う。

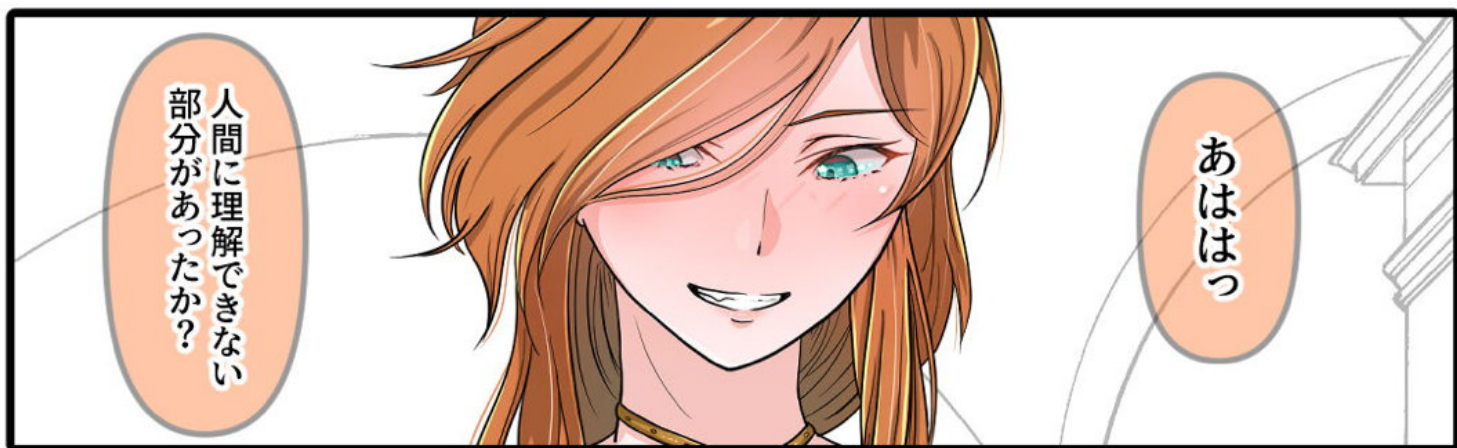

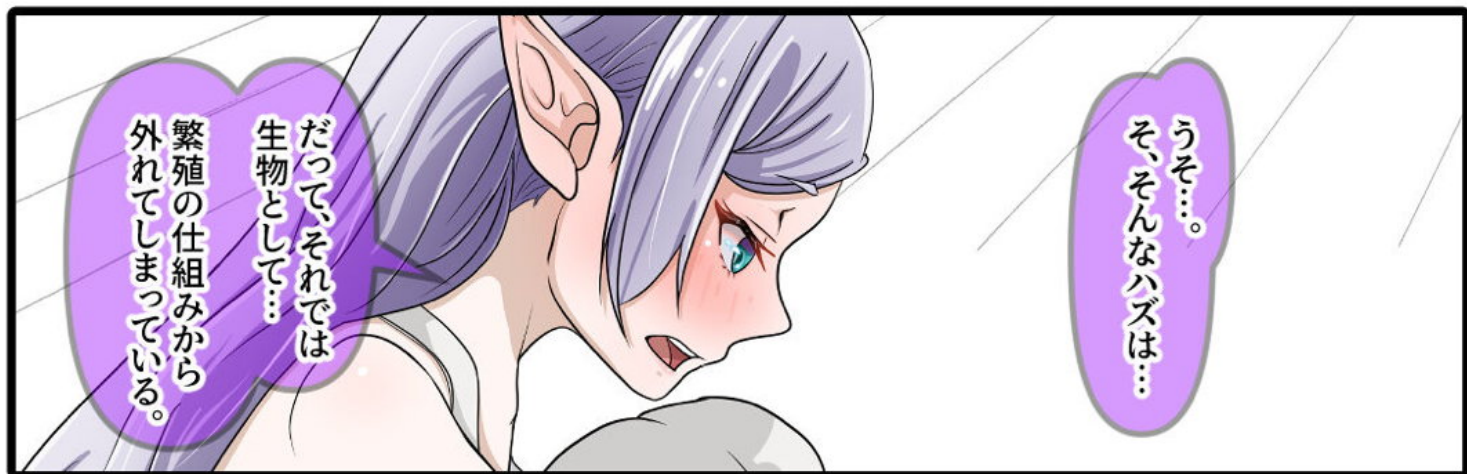

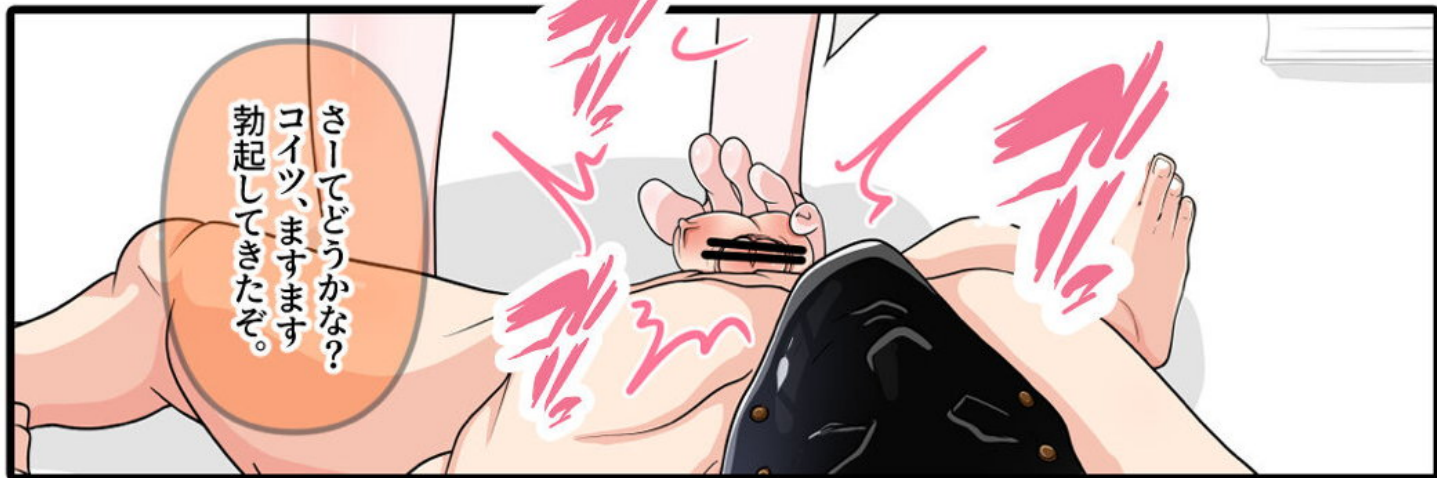

…！

ふふっ
じゃあ、金玉を踏んでみようか

そらっ!

…辜丸は少しの衝撃でも
痛みを感じると本に書いてあった。
さすがに、それは苦しいはず。

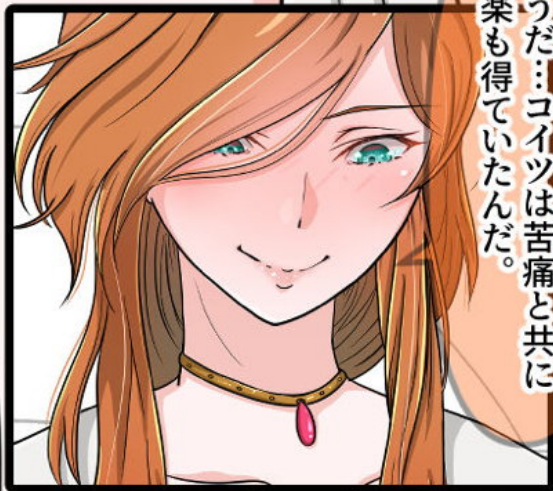

サあ、よく見ていろ
フリーレン!

え!?

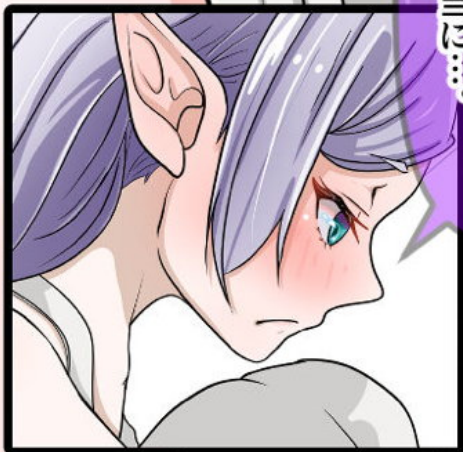

射精した…?
睾丸を潰されて…?

ふー
どうだ…コイツは苦痛と共に
快楽も得ていたんだ。

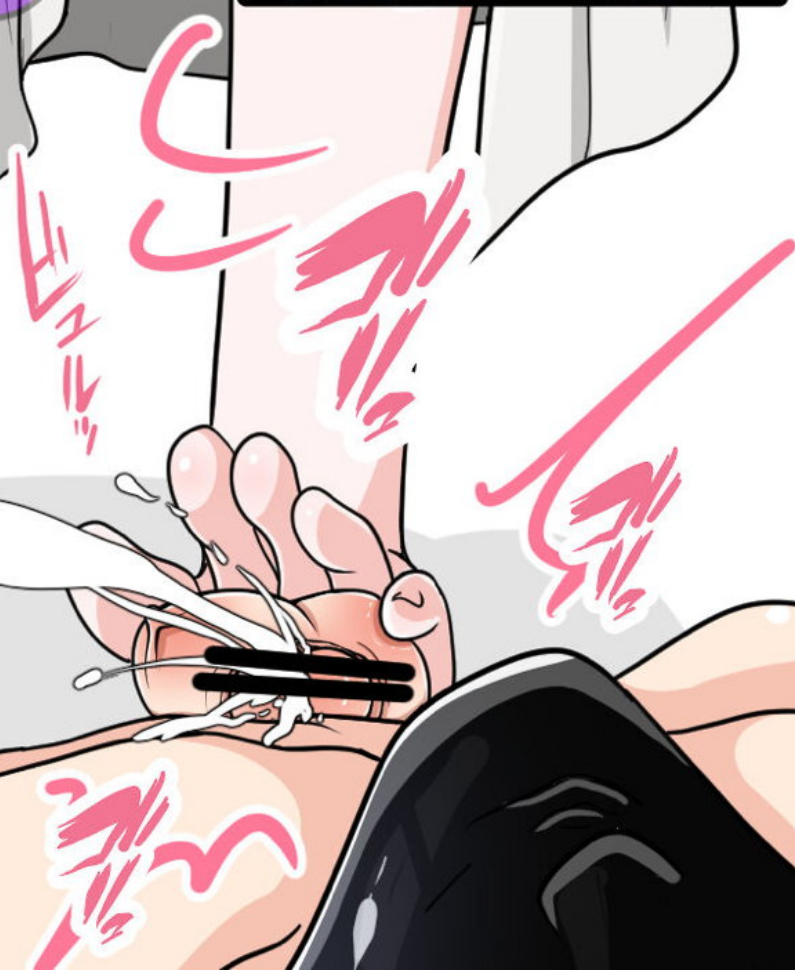

し、信じられない…。
でも魔法の痕跡は…ない
じゃあ、本当に…。

そして、私も…お前も
興奮しているのが分かるか？

え…私が…興奮？

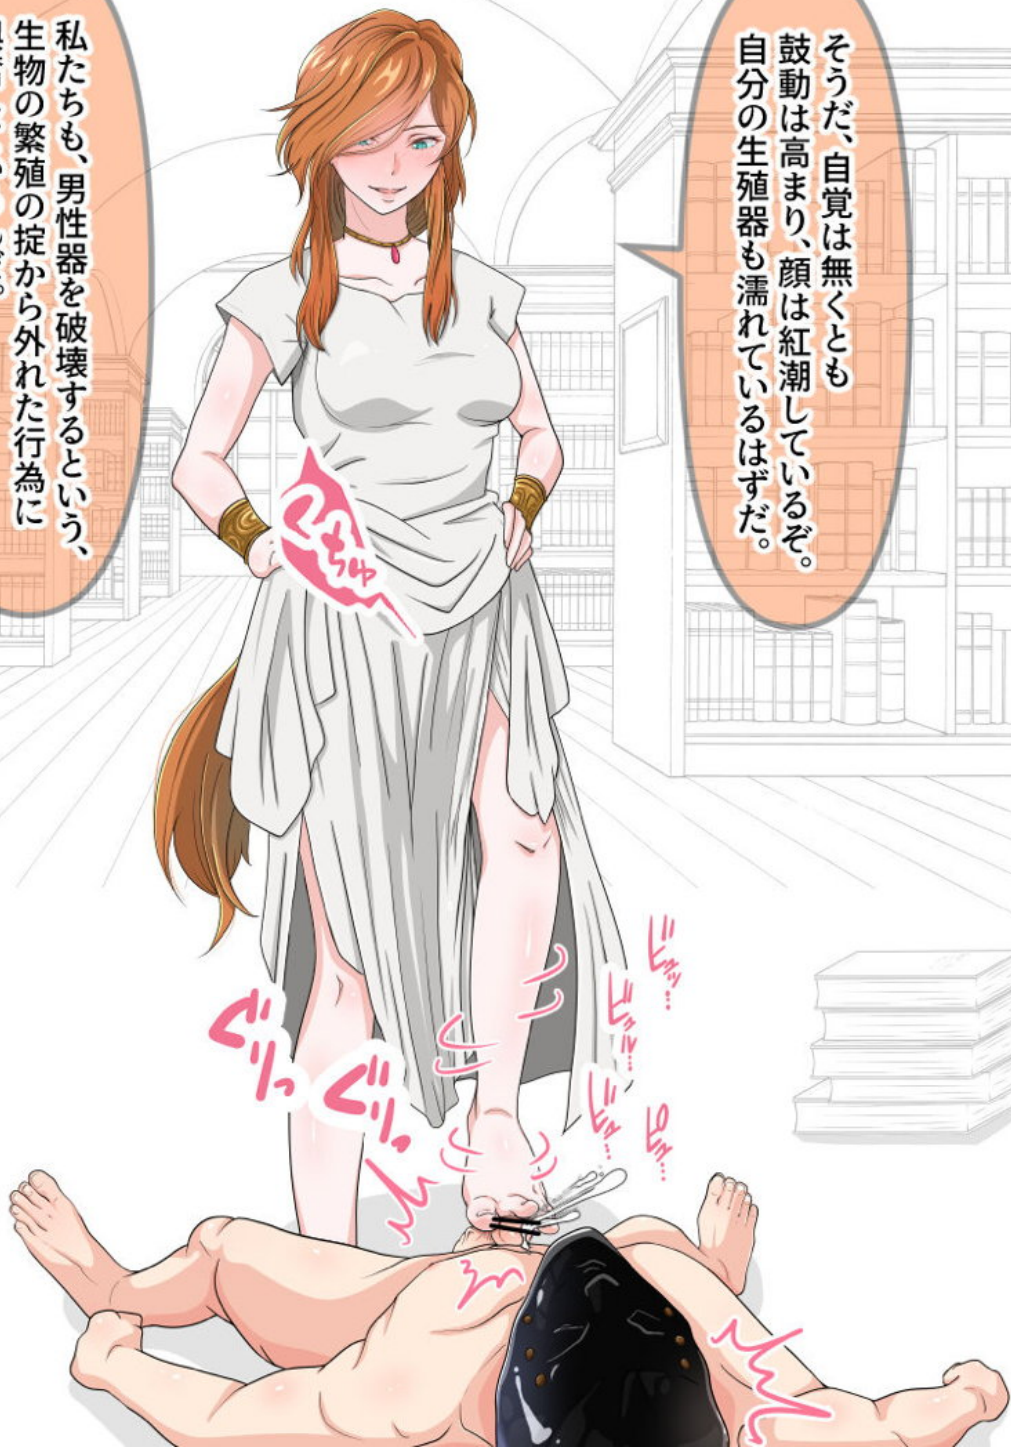

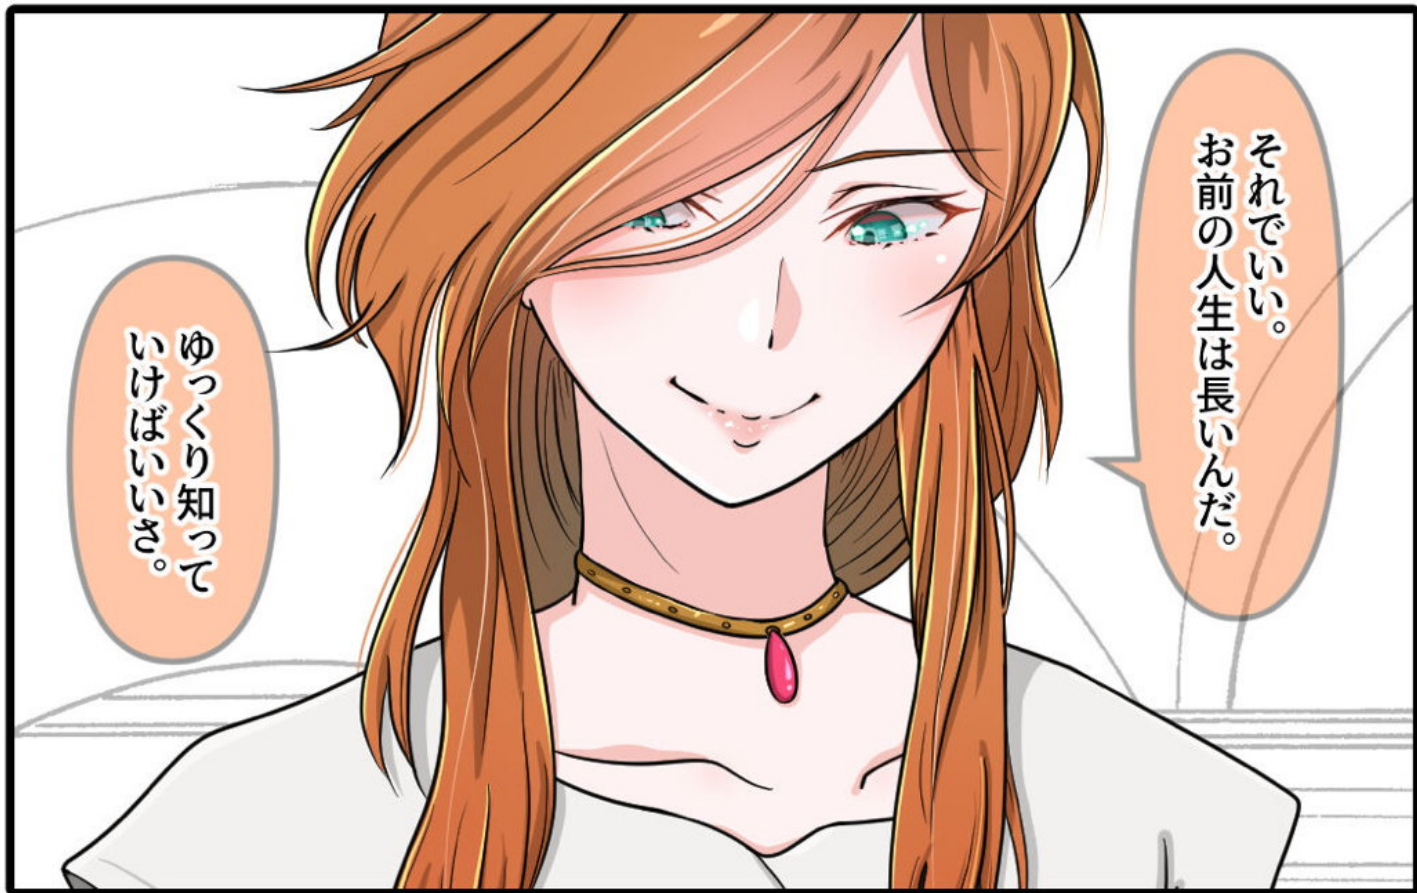

そうだ、自覚は無くとも
鼓動は高まり、顔は紅潮しているぞ。
自分の生殖器も濡れているはずだ。

私たちも、男性器を破壊するという、
生物の繁殖の掟から外れた行為に
興奮しているんだ。

…少しは人間に興味が持てたか？

…前よりは。

ゆっくり知って
いけばいいさ。

それでいい。
お前の人生は長いんだ。

The end

A decorative border of various botanical illustrations surrounds a central text box. The top left features a fern frond, a cluster of buds, and a dandelion-like flower. The bottom left has a sprig of leaves. The bottom center shows a branch with small, round fruits. The bottom right includes a pine needle branch and a large, textured flower head.

Frieren,
you could at least show
a bit of interest in humans...

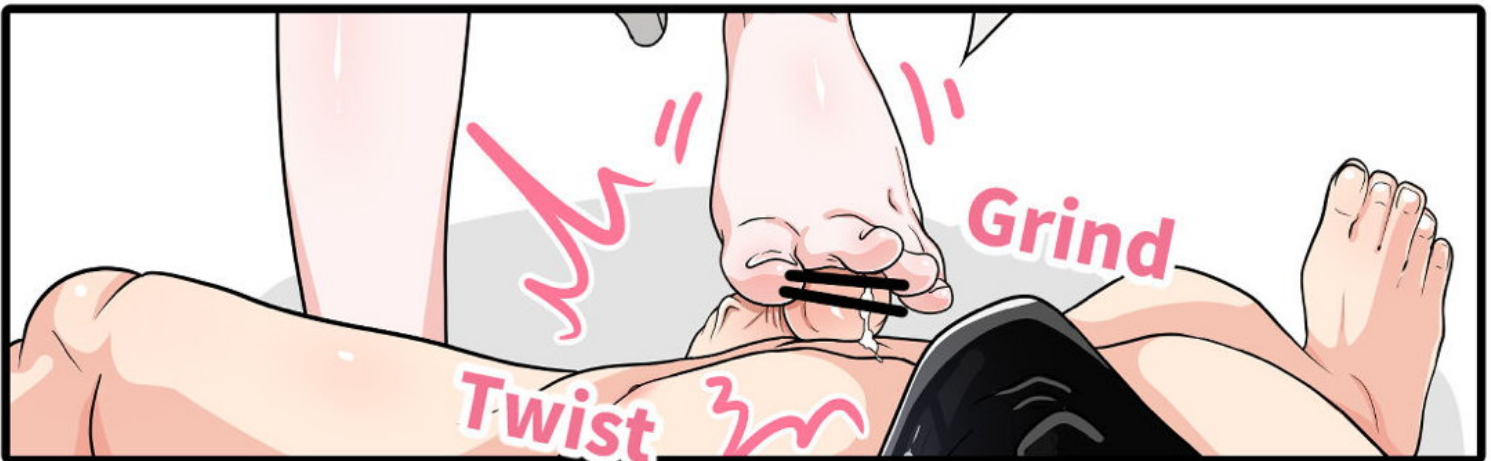

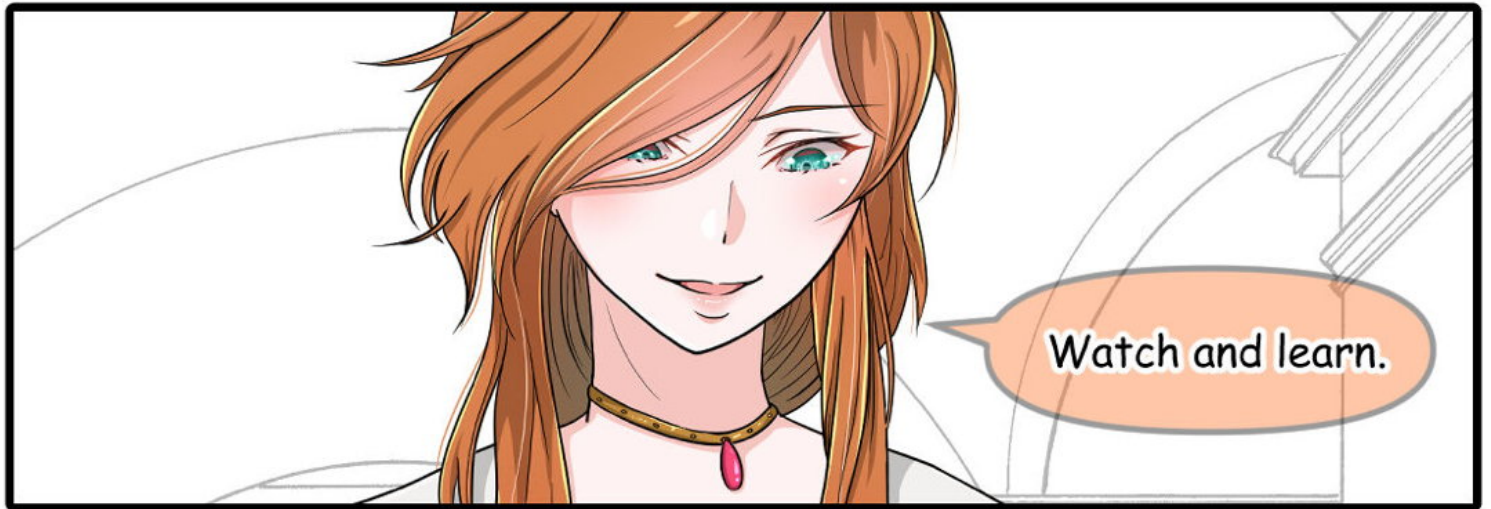

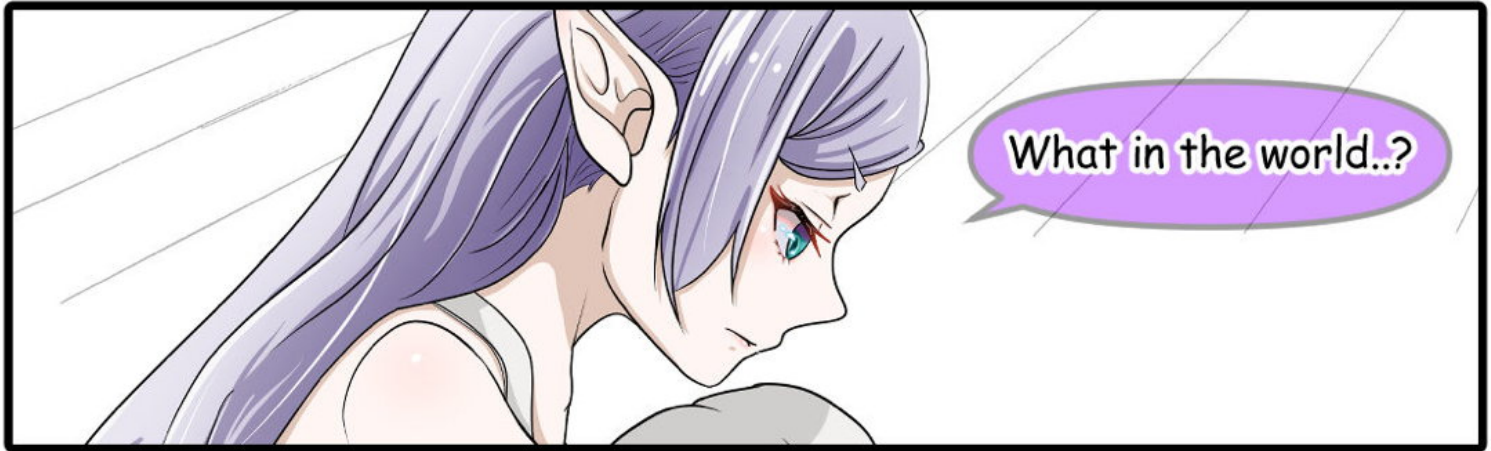

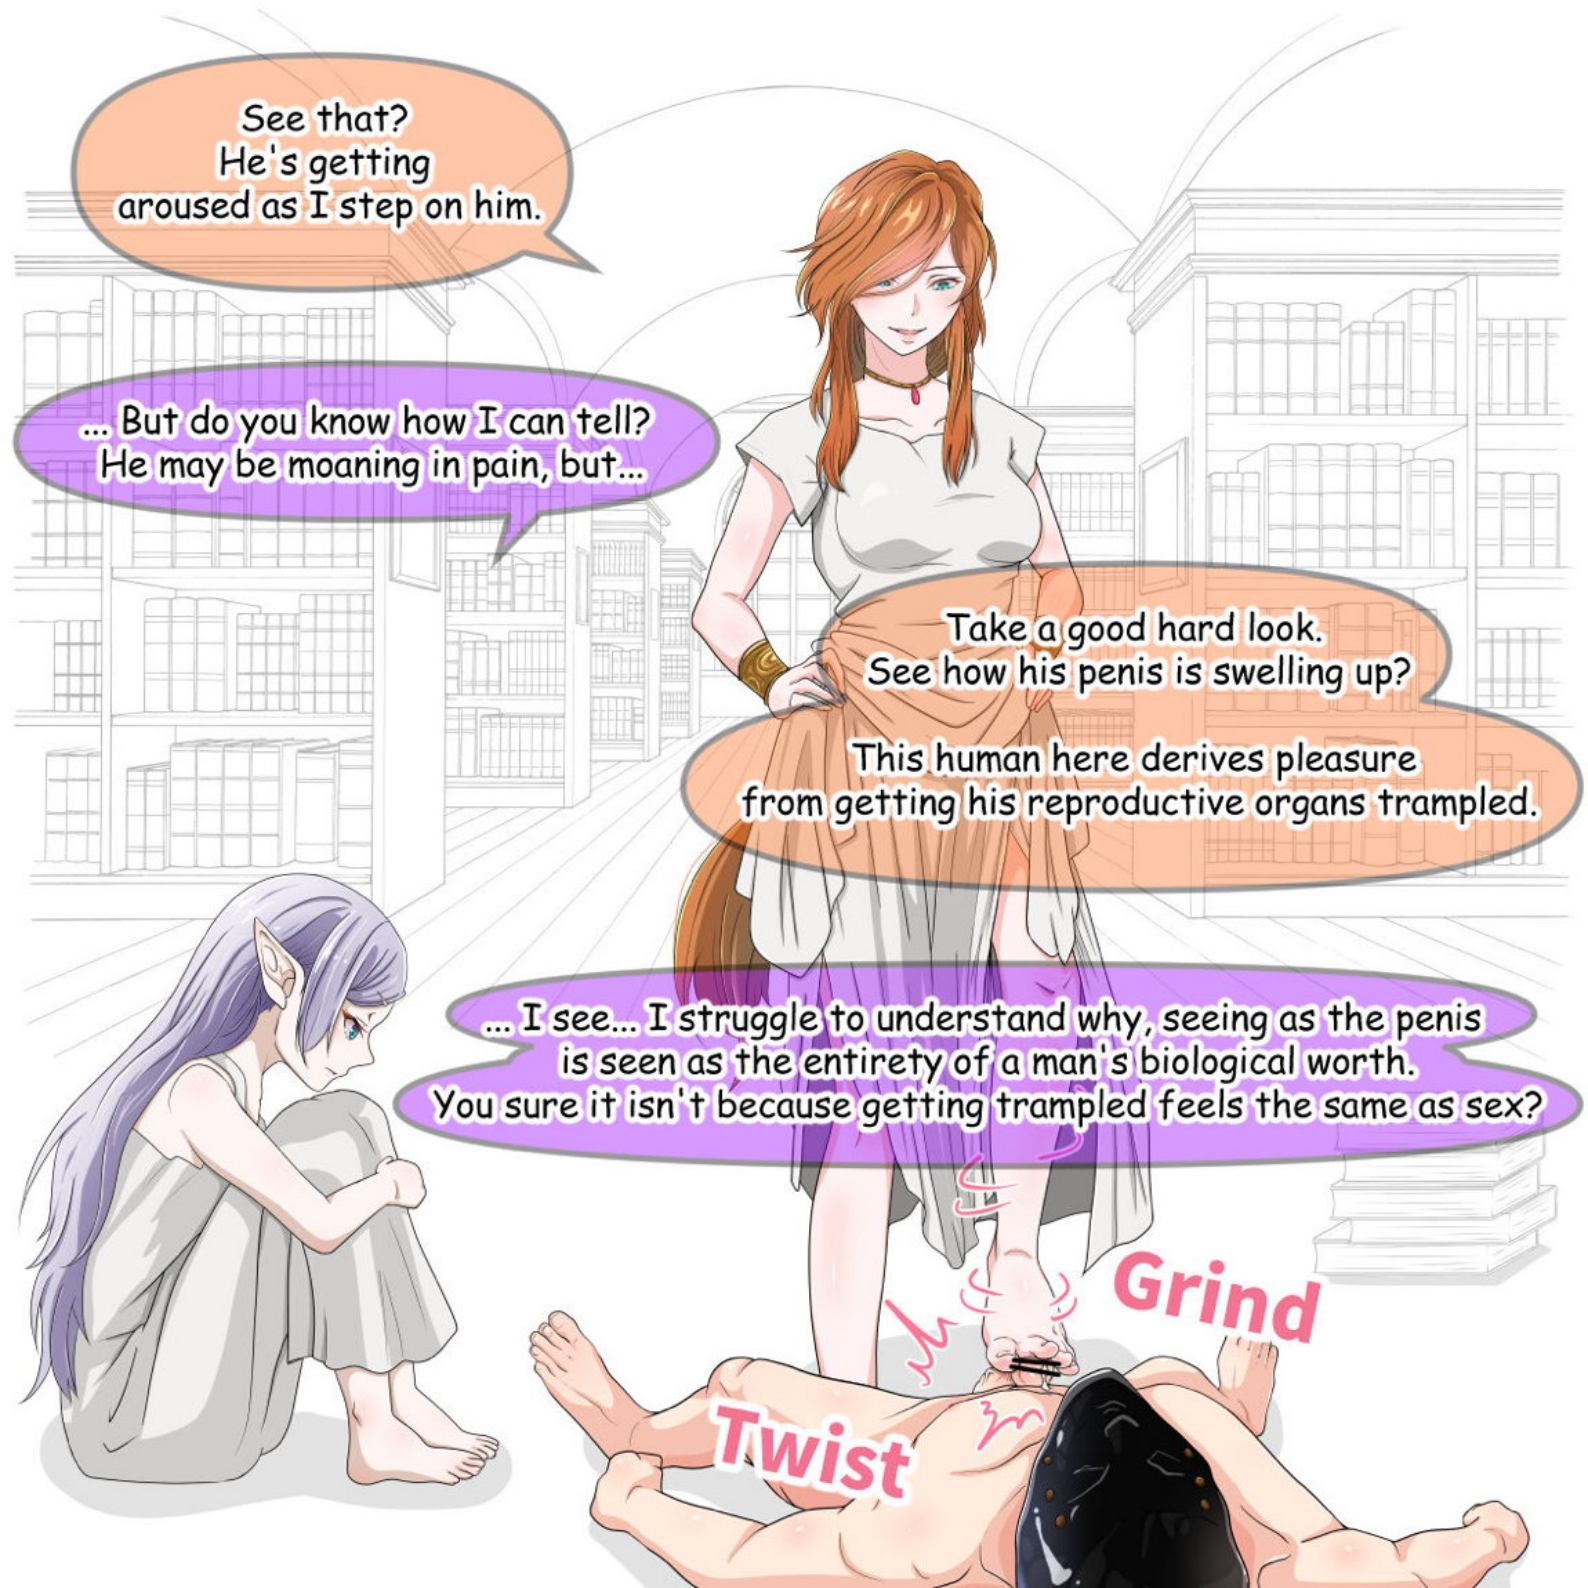

Why?
What could I possibly
want to know from
something so short-lived?

You only think you know
all there is to about them,
but you don't.

To that end,
I've prepared a most curious
specimen for today.
... A masochist.

See that?
He's getting
aroused as I step on him.

... But do you know how I can tell?
He may be moaning in pain, but...

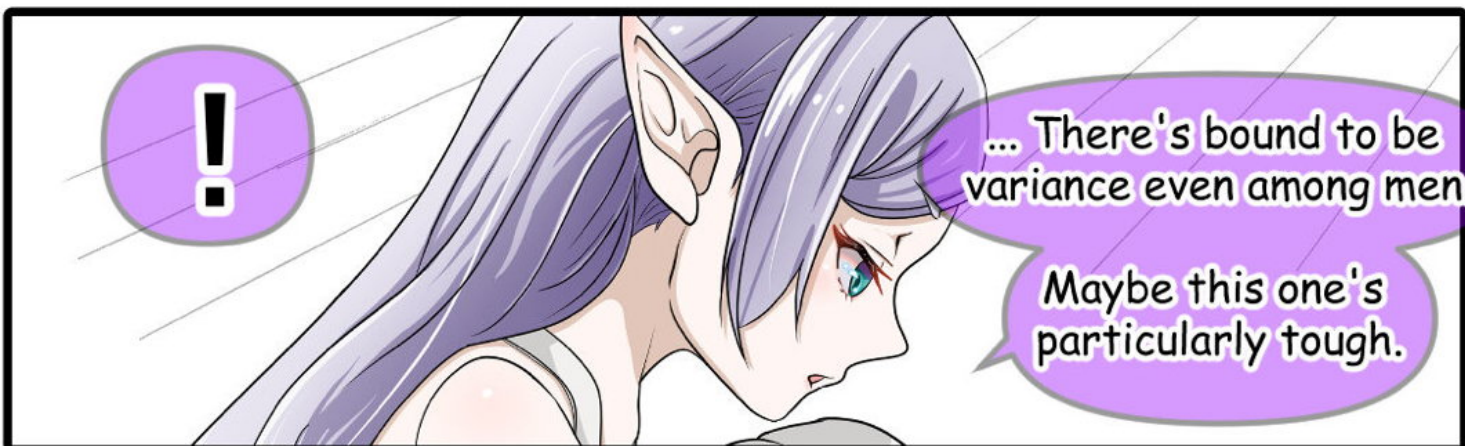

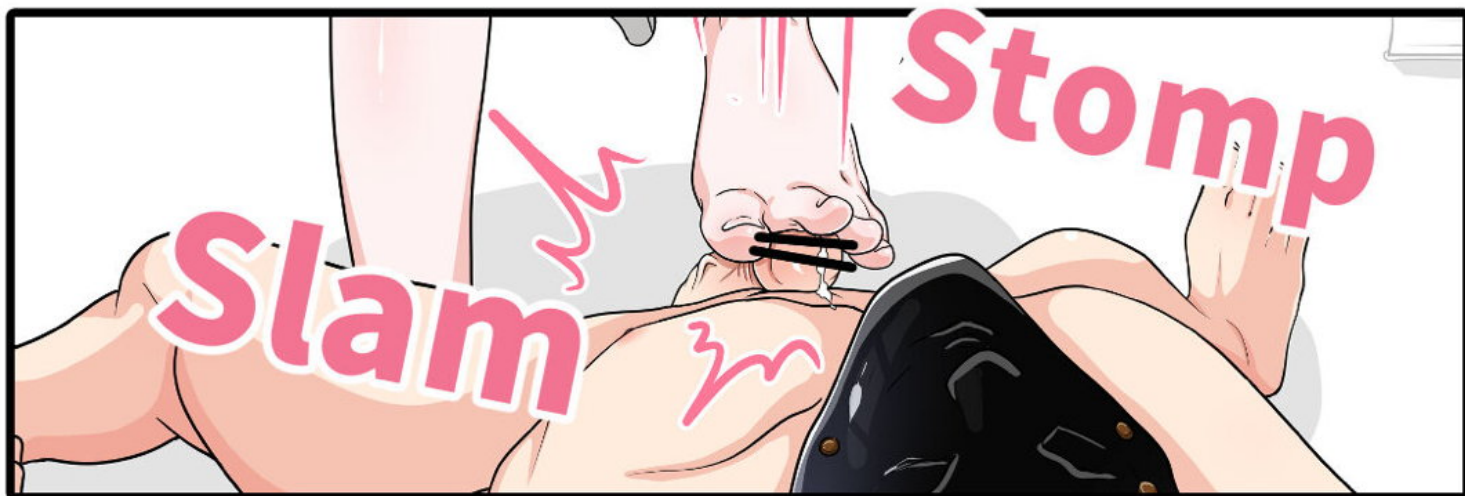

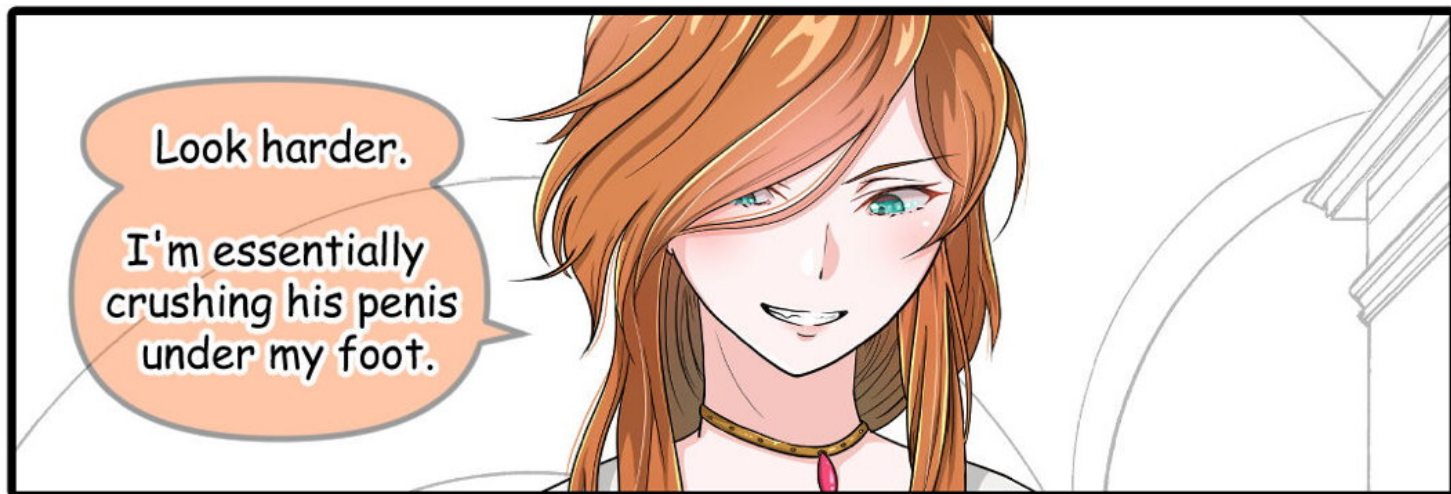

Take a good hard look.
See how his penis is swelling up?

This human here derives pleasure
from getting his reproductive organs trampled.

... I see... I struggle to understand why, seeing as the penis
is seen as the entirety of a man's biological worth.
You sure it isn't because getting trampled feels the same as sex?

Grind

Twist

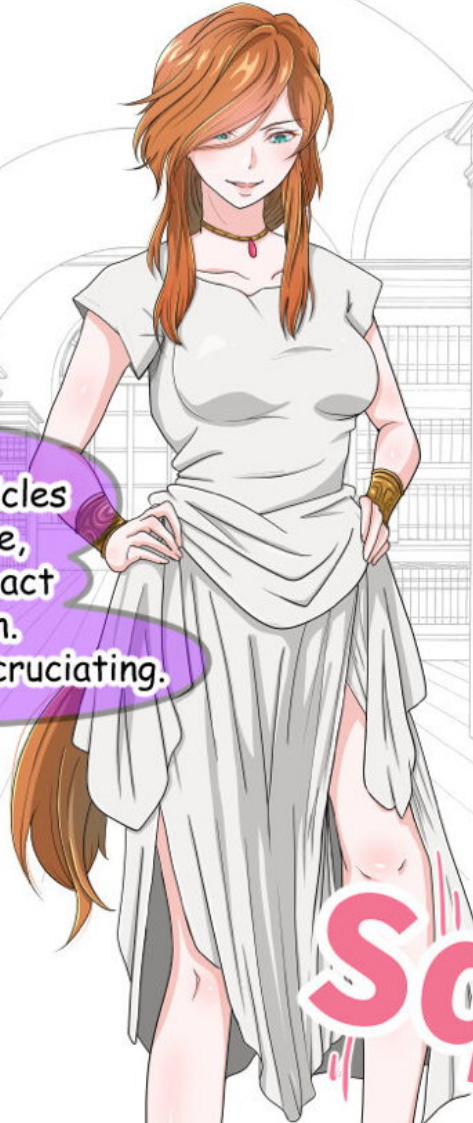

Heh,
Shall we try trampling
his testicles, then?

Hmph!

... I've read that the testicles
are incredibly vulnerable,
and that the smallest impact
can cause immense pain.
Stomping like that must be excruciating.

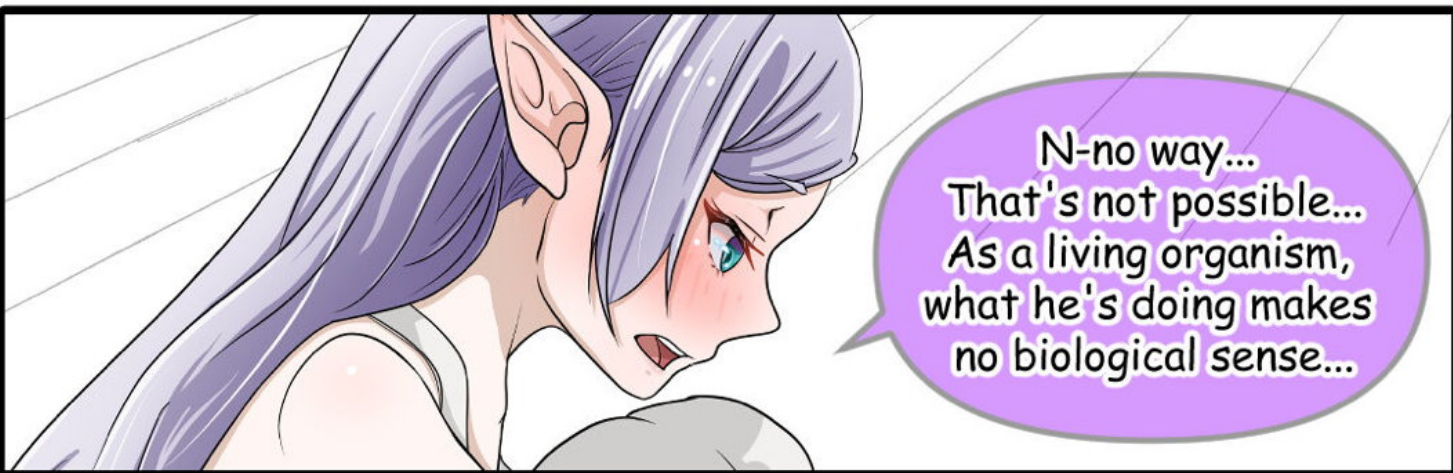

Squish

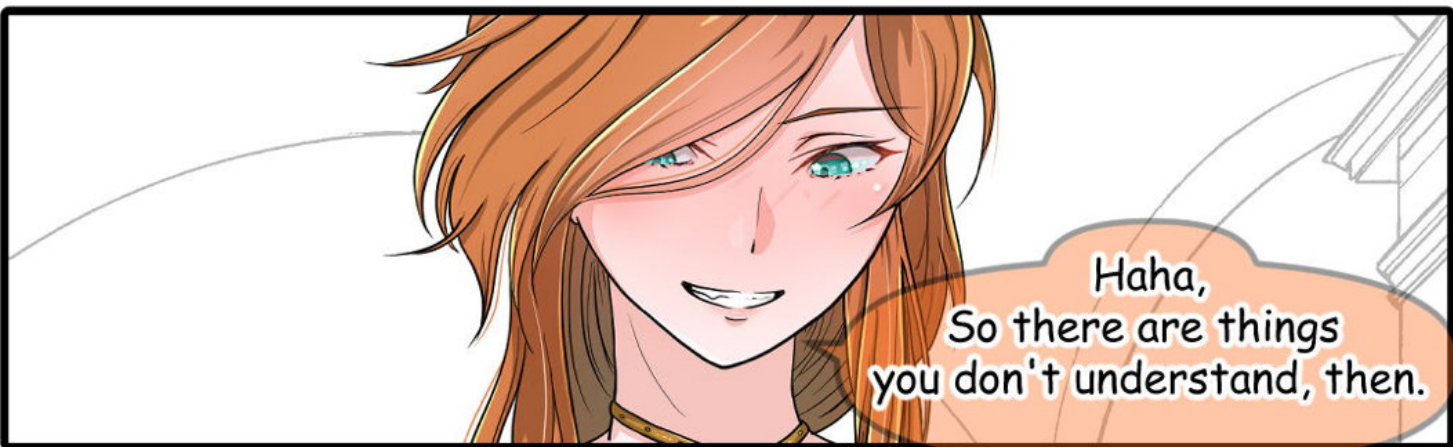

I wouldn't be so sure about that~
His penis is getting harder and harder.

N-no way...
That's not possible...
As a living organism,
what he's doing makes
no biological sense...

Haha,
So there are things
you don't understand, then.

Now watch
very closely!

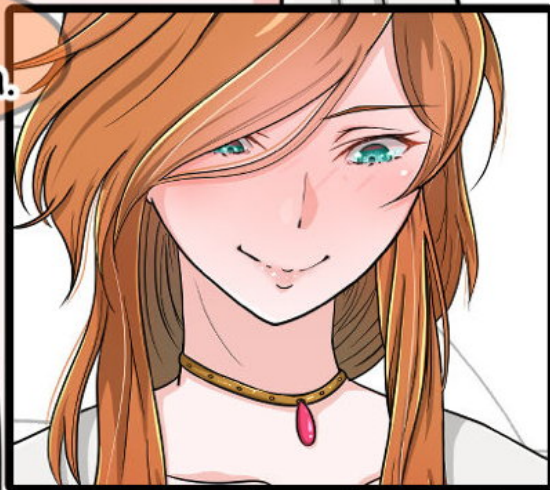

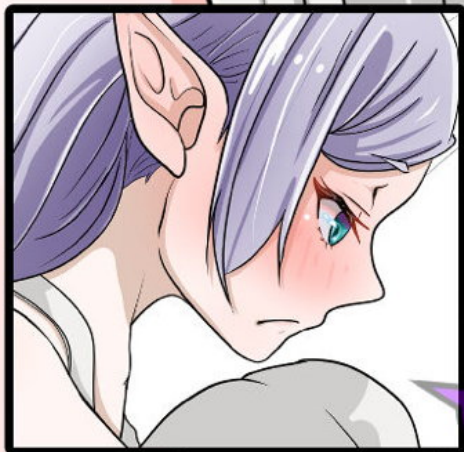

Wha?!
He... ejaculated...?
From getting
his testicles crushed...?

Thwack

Splurt

Phew.
How was that for eye-opening?
This man here derives pleasure from pain.

I... I don't believe you...
But I don't sense any trace of magic...
So it must be... true...?

And can you tell that both you
and I are aroused right now?

Wha- me?
Aroused?

Splurt

Squish
Mash

Precisely.
You might not realize it,
but your heart is racing
and your face is flushed.

I'm sure you should be
wet down there as well.

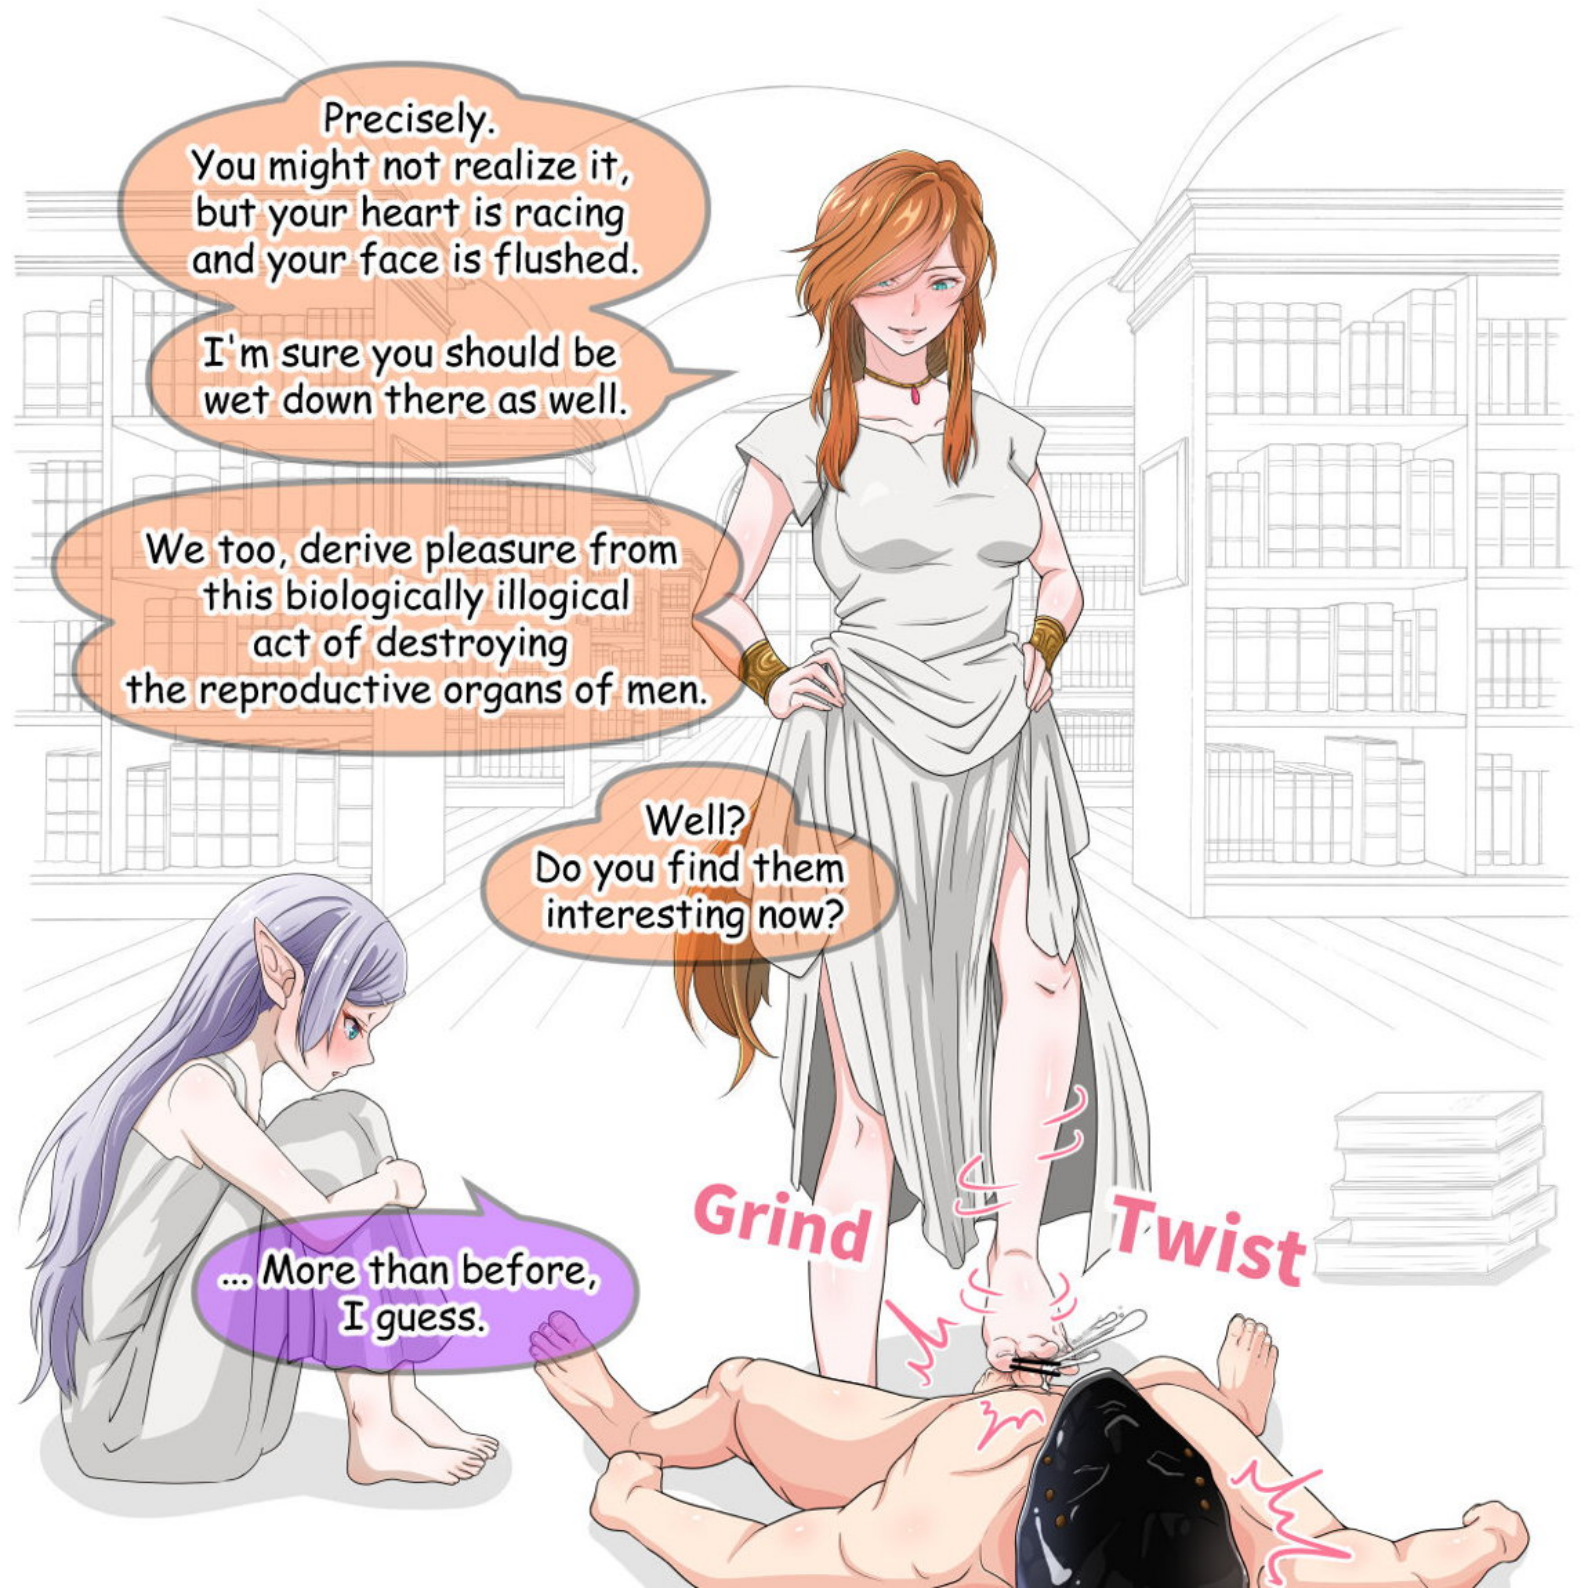

We too, derive pleasure from
this biologically illogical
act of destroying
the reproductive organs of men.

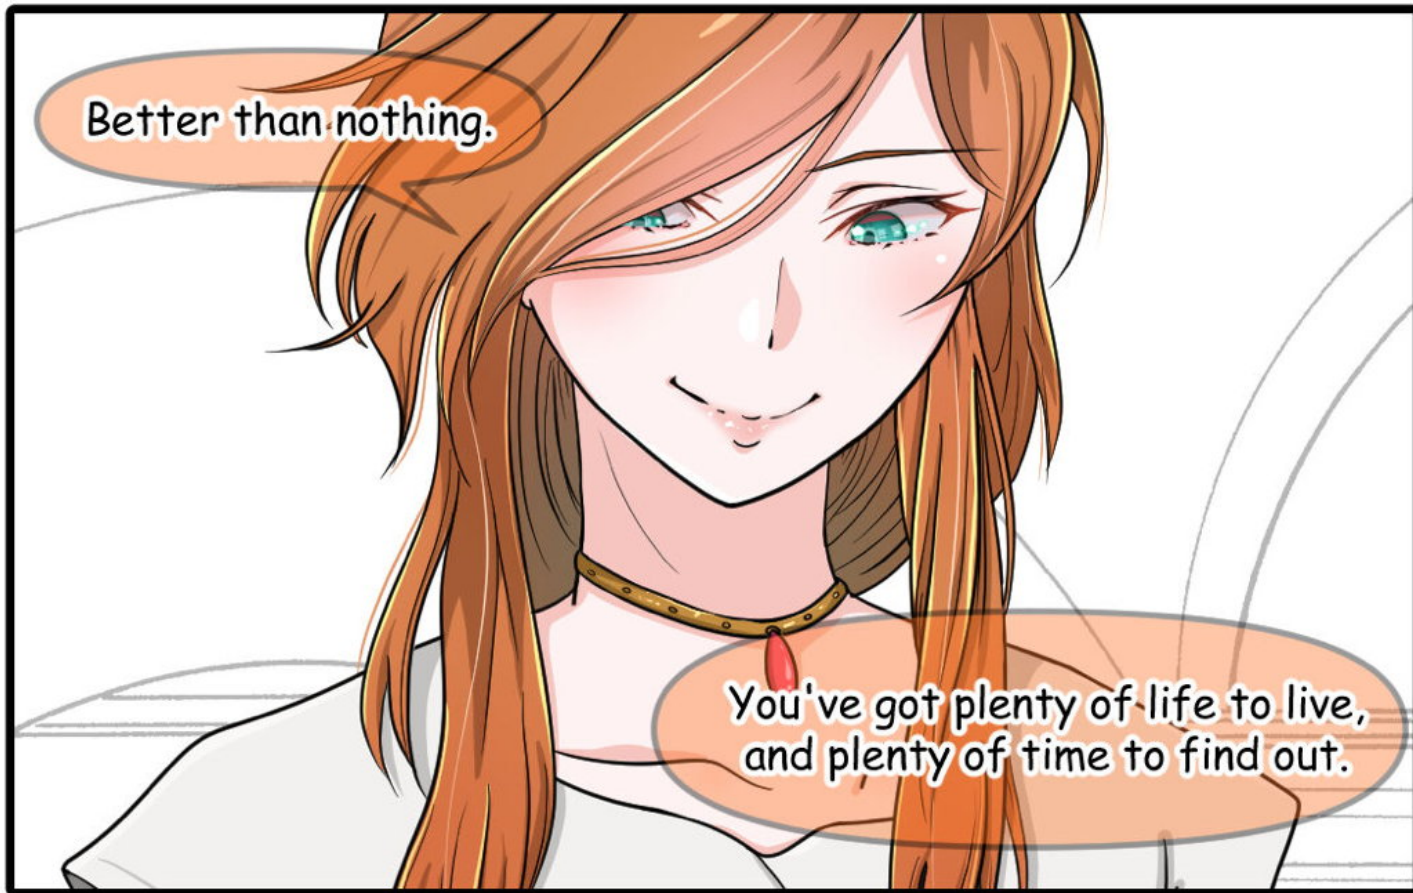

Well?
Do you find them
interesting now?

... More than before,
I guess.

Grind

Twist

Better than nothing.

You've got plenty of life to live,
and plenty of time to find out.
